## Lions' Festival Opens Friday

### "FESTIVAL OF BARGAINS" IS BEING OFFERED

#### Merchants Co-operate With Special Values for the Thrifty Shopper

Entering into the festival spirit that is characterizing the Lions' club's annual fete, Antioch merchants and business men are offering their own "Festival of Bargains"—including many tempting appeals to the thrifty shopper—this week-end.

On pages Four and Five of your Antioch News this week as well as elsewhere throughout this edition, are set forth their welcome, as well as some of the special inducements for visitors to become acquainted with Antioch's business section, and with its many advantages for shopping, refreshment and recreation.

Antioch merchants are proud of their fine stores—and it is a pride that goes back for more than 50 years, since Antioch has for more than half a century been a favorite shopping center.

#### "Biggest Little Town"

From the days when the surrey, top buggy and "dog-cart" prevailed to the present era, Antioch, "the biggest little town in the country," has been the delight to the shopper as well as to the sportsman and vacationist.

Present-day Antioch businessmen strive in every way to carry on their many years' tradition of finest quality merchandise, with stores and business establishments that would do credit to a large city, and with the same courtesy and friendly interest that marked the "courtly Nineties."

### ACES FAIL TO HIT IN PINCHES; LOSE TO WILMOT, 11-7

Failure to hit when hits meant runs cost the Antioch Aces another ball game Sunday. Wilmot was the victor over the locals by a score of 11 to 7. While Wilmot batters were allowed only eight hits the Aces collected 11 off the offerings of Schwartz, but 3 costly errors aided the visitors in the scoring. Wilmot played a flawless game in the field.

Next Sunday the Aces journey to New Munster for a game with the "hill-toppers."

### SCHNABEL WANTS ANOTHER CHANCE WITH McMILLEN

#### Must "Get By" Silverstein to Earn Return Bout With Jim

The challenge of Hans Schnabel, German Oak and famed exponent of the dangerous back-breaker hold, has finally been accepted by Jim McMillen and the pair will meet in Peg's Grayslake Arena. . . . IF Schnabel can get by Jim's "policeman," Ruffy Silverstein, first. So Friday night, Hans and Ruffy will go to it in the main event of the regular weekly all-star card and Schnabel will be battling for a return match with McMillen as the prize for a victory.

It all came about three weeks ago when the powerful German bone-bender and local hero Jim battled tooth and nail in one of the roughest and most spectacular matches witnessed hereabouts in many a moon. The Teutonic strongman, who is built like a beer-barrel with muscles and boasts a 50 inch chest, 19 inch biceps, and a 20 inch neck, was the aggressor all the way, and after some forty minutes of hectic struggling had Jim just about out on his feet with a series of vicious back-breakers against the ring corner posts.

#### Starts Riot

As Schnabel crashed Jim into the corner like a battering ram, he lost

### DAU. OF G. A. R. DEDICATE CIVIL WAR MEMORIAL

#### Two Hundred Attend Ceremony at Hillside Cemetery; Kallis Speaks

As citizens of America we are stockholders of the greatest corporation in the world," Milton A. Kallis, Waukegan attorney and a member of the Sharvin Post of the American Legion North Chicago, told the 200 persons who had assembled for dedication of the Daughters of G. A. R. memorial Sunday afternoon.

Mr. Kallis' talk was a high point of a program arranged under the auspices of the Antioch American Legion, at the invitation of the Daughters of G. A. R. The observance marked the completion and placement of a large granite marker honoring Civil War veterans which has been in preparation for the past two months.

The speaker was introduced by O. S. Klass, chairman of the Antioch Legion's Americanization committee. Mr. Klass, when it was found that attorney George McGaughey of Waukegan, who was to have been the speaker, was unable to be present because of illness, prevailed upon Mr. Kallis, who is much in demand as a speaker, to give the principal address.

#### "Hold Fast To Liberty"

In his stirring appeal to patriotism he said, in part:

"It is a noteworthy fact that there is a striking parallel between the world wide crisis and conditions confronting America both after the Revolutionary War and before the Civil War. Accordingly we can turn back the pages of history and profit by the lessons of the past.

"As citizens we must assume the duties of citizenship as well as its privileges. America must have an enlightened public opinion, for the spirit of the government is always the spirit of its citizens. The sad plight of the masses who are wearing the yoke of tyranny wherever dictatorships flourish gives ample proof that the graveyard of democracy is the birthplace of dictatorship.

"We should never, therefore, trade our political liberty for promises of economic security. We should always prefer our type of government, which is built for safety rather than speed.

"In this way political power can truly be made a political means toward individual happiness, social welfare and international brotherhood."

#### Drum Corps Assists

The Rev. J. E. Charles, pastor of St. Ignatius' Episcopal church, pronounced the invocation with which the dedication program opened. The singing of "America" by the gathering; the introduction of Daughters of G. A. R. members present; patriotic selections by the Sons of Legion drum and bugle corps, and a dedicatory prayer by the American Legion Chaplain, Harry Messing, led up to the talk.

The dedication closed with a three-minute silent tribute to the dead; the giving of the benediction by the Rev. W. C. Henslee, pastor of the Antioch Methodist church; a salute by the American Legion firing squad, and the sounding of taps.

his balance and Jim rebounded directly on top of him. Lou Gordon, referee and an erstwhile team-mate of McMillen at college, saved the day for Jim with a quick count. Von Schacht, Schnabel's buddy and second jumped into the ring to help Hans protest and fists started to swing with half a dozen police, a score of spectators, and officials milling around the ringside. Now Hans is hot for another chance at McMillen and has been promised one if he can beat Ruffy.

One of the outstanding professional heavyweights of the year, George Dusette, French Canadian star who lost only one match in the past 300 and that one to Jim London, will appear in person in the semi-windup against vicious Paul Bozell, Eagle's Beak, Arizona, grappler.

### LAKE VILLA TO HAVE DIAL 'PHONE SYSTEM

#### Magneto Type Instruments Will Be Replaced, Bell Co. Says

Plans have been completed by the Illinois Bell Telephone Company for replacing its central office switchboard in Lake Villa and converting all telephones in Lake Villa and vicinity to dial operation.

The new equipment will be of the latest type developed by telephone engineers for communities of this size. It is known as "Community Dial" equipment, and when it is placed in service about the middle of October of this year, all local and rural telephone users served from Lake Villa will dial their numbers in the same manner as subscribers dial in Grayslake, Round Lake, Lake Zurich and Wauconda.

#### No More Cranking

New dial telephones will replace the present magneto type instruments and the familiar battery boxes associated with the present telephone will disappear, since electric current for operating the new system will be supplied by a single large battery in the central office. The present method of calling central by turning a crank will also be discontinued.

The new "Community Dial" system is in successful operation in a number of places in nearby communities and throughout the country. It insures the very best grade of service—local, rural, and long distance, and works with uniform efficiency twenty-four hours a day.

Under the new plan every telephone number will have four figures and all numbers in the Lake Villa exchange, both local and rural, will be changed accordingly. As the rural lines will also have four digit numbers they will be dialed in the same manner as local numbers. Ringing will be automatic and when a telephone is called its bell will continue to ring intermittently until the telephone is answered or the calling party hangs up.

#### Antioch Handles Toll Calls

Toll and long distance connections will be handled by the Antioch operators as at present. Business matters will be handled through the Company's business office in McHenry, which subscribers may reach without charge from any telephone in Lake Villa by dialing the operator and asking for the "Business Office." An arrangement will be made whereby bills may be paid locally in Lake Villa Maintenance of the lines, repairs when needed, and installation of telephones will be handled in the same manner as at present.

The central office equipment is being installed in a new building which has been constructed by Joseph N. Sikes just north of the present exchange building on Cedar Avenue.

### ENTRY DEADLINE SET FOR ANTIOCH COUNTRY FAIR

#### All Exhibits Must Be Registered by Thursday, August 24

All exhibits of livestock, poultry, farm crops, flowers and other articles intended for the Antioch Country fair must be registered by Thursday afternoon, August 24, at 5 o'clock, according to the committees in charge. A combined premium list of \$3,500 has been arranged for this year's event, the sixteenth annual one.

#### 4-H Section

A "4-H Club Roundup" will be held in conjunction with the fair, and 4-H products will be featured prominently, it is stated.

The fair will be held on the Antioch Township High School grounds, at the corner of Highways 54 and 173. In addition to the exhibits, there will be a program including band concerts, games of skill, and free shows. A horse show will be held each evening.

Rides and other attractions have also been arranged for.

### William H. Regan Undergoes Operation

William H. Regan underwent a major operation at St. Therese hospital in Waukegan early Monday morning. Today he is reported to be out of danger and on the way to an early recovery.

Regan, tax expert for the Department of Internal Revenue in Washington, D. C., had just arrived at the home of his mother here Saturday and the pair had planned a vacation together. He had become ill while on his way home from St. Louis where he had been doing special work for the past several months. Upon his arrival in Antioch an immediate operation was advised.

### Future Farmers Will Go to Fair at Elgin

Antioch Township High school will be represented among the 163 northern Illinois Future Farmers taking part in the fourth annual Elgin Agricultural Fair, August 22, 23 and 24.

Those taking part from here are: C. L. Kutil, agriculture instructor; Leo Buchta, Norman Edwards, William Lucas, Richard Hartnell, Lloyd Miller, Millburn Crawford, Otto Gusarsen, Francis Swenson, Richard Truax, Charles Truax, Ray Wells, Robert Horton and Albert Smith.

Miss Elizabeth Webb spent Monday in Chicago on business.

### TOWN PREPARES TO WELCOME 30,000 GUESTS

#### Blue Skies, Fair Weather Are Promised for Big Three-Day Fete

The bustle that preludes every big show hovered over the Antioch Lions' club festival grounds at the corner of Orchard and Main streets today and hummed up and down the town's main business section as Lion members and townspeople hurried to complete last-minute arrangements for welcoming thousands of visitors to the second annual Lions' club festival.

On the festival grounds, crews of workmen busied themselves completing erection of ferris wheels, rides and merry-go-rounds, as well as innumerable booths for special attractions, so as to have all in readiness for the start of the fun-fest Friday noon.

Through the town, merchants prepared for the "Festival of Bargains" business houses will sponsor in conjunction with the fete; restaurant owners revised their menus to offer special appeal for foot-weary and refreshment seeking festival visitors; soda fountain managers rose to the occasion by concocting inspired "festival special" sodas and sundaes, and tavern and resort owners in Antioch and the beautiful surrounding lakes territory be-thought themselves of cooling drinks that might be served, befitting the occasion.

#### 50 Features

Lions' club members and festival committees today are reviewing the preparations for the great event—they hope to welcome at least 30,000 guests to the celebration over Friday, Saturday and Sunday—and hastily made arrangements for last-minute additions to the 50 or more special features already booked for the fete.

Parking committees looked over their arrangements for aiding visitors to "check" their cars while taking part in the festival of fun, or inspecting the "parade of bargains" along the city's business streets.

Bad cases of festival "stage fright" were to be noted among ordinarily staid and dignified community leaders, who jittered around checking up for the thousandth time on a thousand and one details, to make sure that everything would go off all right and that ample provision was made for everybody having a good time.

#### Spread News

Meanwhile news of the coming fete had been spread far and wide by press, radio, personal messages and word-of-mouth advertising.

A broadcast over Station WHIP Wednesday afternoon carried news of the festival to thousands of hearers. Newspapers throughout Lake, McHenry, Kenosha, Walworth, Racine and Cook counties this week spread word of the celebration to their additional thousands of readers, over a radius of more than a hundred miles.

#### Stars Arriving

John and Jorie, big-time vaudeville dancing team who were "discovered" by the late Flo Ziegfeld; Frank Shepard, humorist of national fame, who will be the master of ceremonies, and Betty Lee, beautiful xylophonist, are expected to arrive early tomorrow morning, in time to hold a rehearsal before the opening of the big show.

Hans Von Holwede of Antioch will act as accompanist for the vaudeville program to be given each evening at 7 and 11 o'clock.

Numerous local organizations are assisting with the various booths.

Among them are the Parent-Teacher association, which will have charge of the hamburger stand; Firemen, games; St. Peter's church, grocery basket booth; Sons of Legion, games; Ladies' Aid, ice cream booth.

### Eddy to Show Dogs at Wisconsin State Fair

R. H. Eddy will enter two of his St. Bernards, Ajax and Kyra, in the dog show at the Wisconsin State fair, August 26-27, at Milwaukee.

Ajax has won 12 points in previous shows, and Kyra 9. Fifteen points are needed for a championship.

Herman Holbek spent Tuesday in Chicago on business.

### Why Business Is Better

The New Deal is going down! Business is going up. That, in a nutshell, is what has been happening in the political and economic fields during recent weeks.

In direct proportion as Congress asserted its independence, and took back powers which it had either delegated or abdicated, business began to pick up. That, too, is the explanation of the wide upswing on the New York Stock Exchange, the nation's business barometer.

Thanks to a determined and intelligent Republican opposition in Congress, the day of writing blank checks for the New Deal is ended.

The President wanted the old wasteful spending of WPA to go on "much as it is." Congress called a halt and moved for more equitable relief.

The President wanted to preserve his brain-child, the undistributed profits tax, and other deterrent taxes. Congress threw them in the ash can.

He wanted unrestrained spending on TVA to let that mustang ride unbridled all over the public utility field. Congress applied a champ and bit.

Then he wanted unrestricted authority to plunge this country into war if he saw fit. A stalwart group in the Senate stood fast and defied him.

And the independence of Congress caused his bright young advisers to trim his grandiose \$3,860,000,000 spending-lending scheme even before it was sent to Capitol Hill.

These body blows have the New Deal groggy and flat on the canvas.

But business is up, getting its second wind and getting ready to go places.

If the minor mauling Congress has given the New Deal can put so much pep in business, what will the knockout punch of the voters in 1940 do?

### "Disillusionment"

Intelligent and foresighted representatives of organized American labor are awakening to the menace of government ownership and control of business.

For example, the Union Register of Seattle, Washington, a newspaper which is owned and published by the

Oregon-Washington Council of Lumber and Sawmill Workers, an affiliate of the American Federation of Labor, recently ran a lead editorial concerning the WPA strikes. The editorial was entitled "Disillusionment," and it said, in part: "The WPA includes some two million workers. It represents the largest single bloc of workers in the nation. Yet with all its strength it will accomplish nothing because there is no power on earth to compel the government to either negotiate or arbitrate. . . .

"If the two million men employed by the WPA were working in a private industry, their numerical strength alone would insure them a quick redress against any form of exploitation. Against the government which need not arbitrate or negotiate, their strength is useless. . . .

"As workers in private industry we are free to mould our own destiny and win for ourselves the best wages and conditions which our organized strength can produce. Under government ownership we would have to take what was handed us without any form of redress. That is why we have fought so long and so hard for democracy and the American way."

The WPA strike failed. About the only tangible result was the discharge of a large number of workers who did not return to their jobs within the five days allowed them. The strike failed just exactly as a strike against the government would fail in Germany, Russia or Italy, where the people have been subjected to the most ruthless kind of official despotism. What worker in private industry in this country, after observing the examples of state socialism abroad, can honestly argue that he would be better off under government ownership of industry—the true name for which is totalitarianism?

### Would the Tax Collector Mind?

Pleasers for the "tax and spend" philosophy of government have recently cooked up a novel argument to reassure those who feel concern over today's high taxes and tomorrow's higher ones.

They explain that the 40 billion dollar public debt of this country is nothing to worry about, since it is a debt that Americans owe themselves: an "internal debt" which John Smith as a private individual will some day pay to John Smith as citizen of the United States.

In that case we wonder whether, the next time the tax collector appears, he would object if John Smith, to settle his obligations to John Smith, cancelled his "internal debt" by merely taking the amount of his taxes out of one pocket and putting it in another?

If the tax collector really believes our "tax and spend" philosophers, he could scarcely object to the procedure—and think of the trouble and red tape saved for all concerned!

Open-air opera is as popular in Italy, as baseball in America, and the "World Series" is held in Milan during July and August when a dozen famous operas are presented in the Milan Municipal amphitheater which seats 25,000 music lovers. Instead of the Yankees, Cubs and Cardinals, Italian favorites are "Rigoletto," "Trovatore," and "La Boheme." Twenty-five other "major league" cities in addition to Milan will have open-air opera during June, July and August, attracting a total audience of over 1,000,000.

## IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.  
Dean of The Moody Bible Institute  
of Chicago.  
(Released by Western Newspaper Union.)

### Lesson for August 13

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

#### ELISHA: A LIFE OF HELPLEFULNESS

LESSON TEXT—II Kings 5:1-14.  
GOLDEN TEXT—Be ye kind one to another.—Ephesians 4:32.

"Loving kindness and tender mercies" (Ps. 103:4) are among the glorious attributes of our God, and consequently characteristic of those who love and serve Him. The world has all but forgotten these virtues, for in its brutal determination to achieve results there is only an outward veneer of courtesy and consideration which extends itself primarily to those from whom some advantage may be obtained or who are highly regarded because of their wealth or position. The poor and needy, the aged and afflicted are quickly brushed aside as unfortunate hindrances in the path of progress.

In all times God's people have been those most considerate of others. It is they who have given time and effort and means to help those in need. The life of Elisha is well characterized as a life of helpfulness. It is surprising to find how many of his miracles were for the purpose of helping others. God's servants are called to be leaders and to be preachers, but they are nonetheless called to carry on a life of helpful service. Elisha's experience with Naaman suggests how we may exercise such a ministry. Without seeking to designate verses in the text, shall we observe that we must

I. Find the One in Need.  
It is not always that the one with the deepest need makes himself known. In fact, it is commonly true that those who have the greatest need and are possibly the most worthy of help keep their sorrows to themselves. Certainly it is true that those afflicted with the leprosy of sin do not often come to church. We must go out and seek them and bring them in.

One of the weaknesses of many churches today is that they go through their regular services, which may include preaching the gospel, and then they lament the fact that sinners do not come to the services to hear and be saved. Let us be reminded that it is our business to go out into the highways and the byways to find those in need. Naaman's experience illustrates how the simple word of a little slave girl was instrumental in bringing the leper in touch with the man of God. Had she failed in her responsibility, the prophet would have missed his opportunity to minister. Even the humblest believer has his important work, seeking out the lost and needy, and may thus be the means of bringing about great blessing.

II. Locate and Diagnose the Condition.  
Naaman knew that he had leprosy, but he did not know that he had a blight of soul called pride. The prophet, acting under the guidance and control of God, struck right at the heart of things when he directed Naaman to crush his pride and to show his faith by obeying God's command to wash seven times in the Jordan.

The story has many important applications. Let us be sure that in our efforts to help people physically or socially, we get through to their real need, the need of Christ. Let us also be careful not to modify or change God's requirement. There is one way of salvation—through faith in Christ; there is no other remedy for sin. A man "must be born again" or "he cannot enter the kingdom of God" (see John 3:3-7). If men are too proud to go that way, they cannot be saved. Observe also that there was no respect of persons on the part of Elisha. Naaman was a great and distinguished man, ready to bestow rich gifts, but the man of God had no interest in those things. He wanted only to give God's message.

III. Apply the Remedy.  
One would be quick to condemn the trained physician who, having found his patient and having given his attention to his need, made a careful and accurate diagnosis and then sent him away without applying the cure which was in his possession. As the servants of Christ the great Physician, engaged in the cure of souls, we need to be equally wise. It is commendable to engage in a discussion of the problems of needy men and women, expressing our heart interest in that need. It is desirable that we clarify our knowledge of their need and accurately understand the truth of the gospel which meets that need. However, all of these things are quite meaningless unless they result in the bringing of the gospel to bear on the lives of the unconverted.

#### Solitude

An hour of solitude, passed in sincere and earnest prayer or conflict with, and conquest over, a single passion or subtle bosom sin, will teach us more of thought, will more effectively awaken the faculty and form the habit of reflection than a year's study in the schools without them.—Coleridge.

Poor Roads Increase Costs  
The motorist pays heavily for running his car over bad roads, according to Samuel Baker, associate dean, school of technology, International Correspondence schools. Studies indicate that the cost of gasoline and wear on tires and car jumps approximately two cents a mile when the car leaves a well-paved thoroughfare for one that is unimproved.

## The Observer

It hasn't rained on the week-end before genial Postal Clerk Roy Kufalk's birthday anniversary (which is August 16) for more than 20 years, according to information compiled by the sages of Antioch, and also according to members of the Runyard family, who hold their annual reunion at that time.

So-o- the Antioch Lions club members are praying a few of their strongest prayers that this luck will hold and that the finest of weather will greet their big three-day festival, starting tomorrow, at which they hope to welcome thousands of visitors to this lake-bounded city.

"Lottie" Craft, bartender at Nevitt's tavern, wouldn't want any harm to come to any of the Lions, and suggests, "Somebody better go around

and buy up all the rope, just in case."

Those scenes and views which blossom forth on the walls and large counter mirrors of various establishments in and about Antioch—as well as on canvases for some of the more "arty" element—are the work of Valentin, itinerant artist who has been traveling and painting here, there and elsewhere through the United States during the last 35 years. "My home is where ever I hang my hat," he says. Valentin has been paying periodic visits to Antioch for the past 15 years.

Home-made sweets from Antioch travel all the way to Miami, Florida, according to Ted Poulos, Antioch confectioner, who shipped a box to a Florida customer the other day. Two boxes a week of Antioch-made candy go to a State Teachers' college in Wisconsin.

There are still some honest people left yet.

Fifteen-year-old Donald Hills parked his car on Main street Monday evening and after he and his mother had gotten out he found that he had lost his pocketbook, containing some bills and change.

After a lengthy search he finally gave up hope of finding it, and returned home without it.

Among the by-standers who sympathized, however, was one who refused to give up the search—Harry Petzky. He continued to look for it, and finally did find a pocket-book. He took it into Otto Klass' store. Hills was notified of the find by telephone, came down Tuesday morning and identified and claimed his property.

Did you know—that it takes nearly a week for a pottery kiln to cool off enough so that a person can enter it to remove the plates, cups, saucers and so on, after they are "fired?" We learned that Tuesday afternoon on a visit to one of Antioch's home industries, Pickard's, where chinaware and so on, is made. The kiln is heated to 2340 degrees above zero, Fahrenheit, for the first "baking" of the white clay shapes, made of earth which is shipped from North Carolina or Tennessee. The chinaware is then taken out, a "glaze"—which looks like a white or colored powdery-effect paint—is applied, and back the dishes go for another firing, at a slightly lower temperature. If they are decorated with paint or designs, they get a third firing.

## Soft Ball Fans Ballot to Choose All-Star Team

Selected Team Will Play League Leaders on August 23

Fan balloting to determine the Fox Lake Lions club softball league All-Stars is proceeding at a brisk pace, according to Lions' club Information Bureau attaches. The poll, which ends at midnight, Monday, August 14, is being conducted to select the circuit All-Stars who will play the league-leaders as of August 15 in a contest to be held at Grant Park, Fox Lake, on August 23.

Pitcher Ed Tiede, Catcher Bernie Schneider, and Outfielder Bob Madison of the Lake Villa Republicans, present pacemakers who hold a one-game lead over the second-place Grub Hill Macks, are polling a substantial quantity of votes. First baseman Stan Flamank of Libertyville's Rees is enjoying a 3-1 margin over his closest competitor, Bob Gerstein of Grub Hill. Ferry Calanca, Rees' outfielder, also is proving popular with the fans.

Jim Mielke, pitcher for Grub Hill, is leading all players in the poll with

Balloting is open to everyone over 10 years of age. Two players will be named for each position, except in the case of pitchers, where three will be selected.

## Warlike Fact

The Negro National Guard unit was the first battalion in Washington to be mustered to war strength in 1917.

A fair vacationist passing down Main street Monday evening was heard to remark, as she gazed thoughtfully upon the colored street lights and other decorations set up for the Lions club festival—"My, they sure are slow out here. They haven't taken down their lights from Christmas yet."

Waiting for Santa Claus.
